

Turnover in service industries

2013, May

Turnover in service industries grew by 1.3 per cent year-on-year in March to May

Turnover in service industries grew by 1.3 per cent in March to May from the corresponding time period of the year before. One year previously, turnover in service industries grew by 3.4 per cent. Services are here examined exclusive of trade.

Three months' year-on-year change in turnover in services (TOL 2008)

In March to May, turnover showed a subdued development in all main service industries apart from arts, entertainment and recreation activities, and real estate services. A slight increase in turnover growth was also seen in other service activities and in information and communication activity from the corresponding period last year. The development was weakest in the industry of transport and storage and in administrative and support service activities where turnover decreased from one year ago.
