

# Statistics on offences and coercive methods

Offences reported to the authorities, 2020, 3rd quarter

### Number of break-ins into houses growing

According to Statistics Finland's preliminary data, a total of 376,800 offences against the Criminal Code were recorded by the police, customs and border guard during January to September 2020, which is 36,900 cases (9.8 per cent) more than in the corresponding period in 2019. A total of 177,300 offences against property were recorded, which is 8.6 per cent more than in the year before. Eleven per cent more break-ins into houses and free-time residences were reported.

#### Breaking into residence by month 2011 to 2020

A majority of the reported offences and infractions are recorded by the police. In January to September 2020, a total of 485,300 offences and infractions were recorded by the police, which is 26.7 per cent down from 2019. The number of offences against the Criminal Code recorded by the police was 371,600, which is 10.3 per cent more than in January to September 2019. Fines from automatic traffic control are updated into the police PATJA system with a delay of around 80 days, which has an effect on the number of traffic infractions in particular. The Road Traffic Act was revised on 1 June 2020, and as a result of the reform an administrative sanction will be imposed for certain traffic infractions instead of a fine. For this reason, the number of traffic infractions in the statistics on offences will fall considerably.

In January to September 2020, a total of 5,000 offences and infractions were recorded by the customs and 2,400 by the border guard. Compared with January to September 2019, the offences and infractions recorded by the customs decreased by 19.9 per cent and those recorded by the border guard by 75.7 per cent. The number of offences against the Criminal Code recorded by the customs was 3,900 and by the border guard 1,300.

A total of 1,372 aggravated assaults were recorded, which is 192 cases more than in January to September of the previous year. In January to September 2020, a total of 49 cases of aggravated rape of a child were reported. In the statistics, aggravated rape of a child is included in the figures on cases of sexual abuse of a child. In addition, 796 other sexual offences were reported. Of them, 367 were cases of sexual harassment, which is 34 cases (8.5 per cent) fewer than in 2019.

In the 2010s, most cases of sexual abuses of a child have been recorded in the second quarter of 2013. Then 612 cases of sexual abuse of a child were reported. The recorded numbers of rapes and sexual abuses of a child reported to the authorities vary much yearly.
