

# Index of turnover of construction

2010, November

## Turnover of construction enterprises grew by over nine per cent in the September to November period

The turnover of construction enterprises grew by 9.3 per cent in the September to November period when compared with the corresponding three-month period of the year before. In the latest examination period, turnover increased by 10.1 per cent in building construction and 1.0 per cent in civil engineering. Specialised construction grew by 11.6 per cent compared with the September to November period of the previous year.

### Year-on-year change in turnover in the 9–11/2010 and 9–11/2009 time periods, % (TOL 2008)

Source: Statistics Finland

The **sales volume** of construction enterprises grew by 17.0 per cent year-on-year in the September to November period. Over the same period, the sales volume of building construction enterprises went up by 19.2 per cent, that of civil engineering contracted by 1.7 per cent and that of specialised construction activities rose by 20.9 per cent.

The volume index of enterprises' sales is calculated by removing the effect of price changes from the turnover index series.
